PERSONALIZED LICENSE PLATE APPLICATION

NRS 482.3667

Personalized License Plates are issued for passenger, light commercial vehicles, trailers, or motorcycles.

This application is not required for specialty plates unless they are personalized. Personalized license plates ordered in person will be mailed to the current address of record on file with the Department. Personalized license plates ordered via mail will be forwarded to the DMV location specified on the application below. You will be notified by mail, when the plates are available to be picked up, bring your current Nevada evidence of insurance. If the vehicle is currently registered, you have the option of maintaining the current vehicle registration expiration date, or renewing for a full 12-month period. Credit for any unused portion of the current registration is transferable to the personalized license plate registration. In applicable counties, if renewing for a full 12-month period and the previous emissions evidence of compliance was obtained more than 90 days ago, the vehicle must be re-tested prior to registration.

NOTE: The Department has the right to refuse any combination of letters and/or numbers that may carry connotations offensive to good taste and decency, or which would be misleading, or in conflict with any license plate series that has been issued. (NRS 482.3667 and NAC 482.320)
